Macios drops assessor title, takes seat on district's board

By Dave Gosnell

GRANITE CITY — Newly appointed District 9 Board of Education member JoAnn Macios has resigned her deputy assessor title with Nameoki Township.

Macios was then simultaneously hired as the office manager for the assessor's office by her husband, Nameoki Township Assessor Carl Macios.

The actions were announced at the Oct. 21 meeting of the District 9 Board of Education by JoAnn Macios to dispel any questions about a possible conflict with her title as deputy assessor and school board member.

ON OCT. 19, the Press-Record/Journal reported that an official with the Illinois attorney general's office said the job of deputy assessor is incompatible with

school board positions if the assessor's office appraises property that is also part of the school district.

Macios, who attended her first board meeting as a member, told the board she submitted her resignation as deputy assessor to her husband, who attended the board meeting.

Carl Macios said he then hired her as office manager.

(See MACIOS, Page 8A)

Tuesday's election to be Price's last

EDWARDSVILLE — Tuesday's election will be the last for U.S. Rep. Mel Price, D-Belleville.

Price announced Friday this will be his last political race, Bob Samples, an aide to Price, said.

One project Price wants to complete, Samples said, is to get 100 military housing units constructed in the Granite City vicinity near the St. Louis Area Support Center (former Army Depot).

Price's Nov. 4 opponent, Bob Gaffner, R-Greenville, said Friday the announcement is an added reason for voters to elect Gaffner. "I can immediately begin accumulating House seniority for the benefit of local people," he said.

Vandals shoot windows on more than 100 autos

More than 100 automobile windows were shot-out with pellet or BB guns early Thursday morning in the Quad-City Area.

The incidents apparently occurred between midnight and 3 a.m. Oct. 30, police said. Many residents discovered the damage Thursday morning, and authorities continued to receive calls throughout the day.

ABOUT 65 autos were damaged throughout Granite City, said Police Chief Bill Harris. The vandal or vandals apparently struck at random, with damage reported on a large number of streets.

Police have no suspects, but are investigating an auto the vandal or vandals possibly occupied, Harris said.

Pontoon Beach authorities received nine reports of broken car windows in several areas of the village, said Chief Chet Ballew.

TWO REPORTS were received by the Madison County Sheriff's Department as of Friday of vehicle damage occurring in unincorporated areas here.

Windows were also shot-out on four vehicles, parked in the 900 block of Bissell Street, Venice. The cars were owned by residents of Lee Wrought Homes.

Madison authorities received 28 reports of damaged autos, including a police car, a policeman's private auto and the cars of three Madison School Board members.

Holy Land blends old, new

By Bill Bagby

MADISON — Biblical times and places came alive for a Madison minister and his wife during a recent trip to Israel.

The Rev. Shirley Ingles, pastor of the Apostolic Pentecostal Church in Madison, and his wife, Hazel, traveled to Israel last month.

TIE INGLES visited many sites where Biblical events occurred, such as the Dead Sea, the Sea of Galilee, the Mount of Olives, "Gethsemane," Jesus Christ's tomb and the cities of Bethlehem and Jerusalem.

Ingles was re-baptized in the Jordan River, the river where Jesus was baptized by John the Baptist.

They also participated in a communion service in the Upper Room, where Christ held the last supper with his disciples.

Many of the sites, they said, were almost untouched from Biblical times — by camel.

THE OLD CITY of Jerusalem still looks much like it did from Biblical

Sunday focus

descriptions, they said. The buildings are constructed of stone, the streets are winding and narrow, and the city is surrounded by a wall so wide a person can walk on top of it.

While in Jericho, Ingles said, he also got a chance to travel as in Biblical times — by camel.

Most of Israel is very mountainous and rocky, Ingles said.

"IT LOOKS like the soil is worn out," he said. "They've been farming it for 6,000 years."

However, the many years have

brought many changes to Israel, they said.

Just outside the old city is the new city of Jerusalem.

ALL NEW HOMES are required to be equipped with solar panels on the roof.

Some of the changes come from the many years of war and terrorism.

Men and women are required to join the military at age 18, Ingles said. The men serve three years and the women serve two.

SECURITY MEASURES have also tightened, he said. Purses are searched in grocery stores and luggage is searched in airports.

Even before leaving the United States, the Ingles' luggage was searched at St. Louis Lambert International Airport because they were going to Israel, they said.

(See HOLY LAND, Page 8A)

Contract talks down to wire

By Dave Gosnell

GRANITE CITY — A deadline is nearing in contract negotiations between Granite City teachers and District 9.

At 12:01 a.m. Nov. 5, Granite City teachers will not be working under a contract. The previous agreement called for talks on a new pact to be completed by then.

The teachers and the administration scheduled additional negotiations for Saturday, Nov. 1.

The American Federation of Teachers union president in Granite City, Russ Chappell, said a teachers' meeting will be held today (Sunday) in which the union's negotiating committee will report on Saturday's session and present one of three options to the full membership.

CHAPPELL SAID the teachers will be presented (1) a contract package in which the union recommends passage or (2) a package which the union does not recommend or (3) an update on the negotiations and a call for another meeting before the Nov. 5 deadline while negotiations continue.

He said the union will make negotiating positions public after the Nov. 2 meeting. The two negotiating teams have so far agreed not to make any current negotiating positions public.

"If there is nothing resolved, we will have to go public," But, Chappell said, "I hope there is an agreement."

"I may not have a package (to present to the full membership),"

Error blamed for late audit

By Dave Gosnell

GRANITE CITY — American Federation of Teachers Local 743 President Russ Chappell said last week he would like to see the 1985-86 District 9 audit before presenting a contract proposal to the union's full membership today (Sunday).

Peat, Marwick auditors were at work here Friday afternoon to resolve a \$98,000 difference between revenue and expenditure records. That effort has delayed completion of the audit beyond the projected completion date of Oct. 15.

The auditors were prepared to work this weekend if they did not finish Friday.

Norman Owca, District 9 finance director, said the error probably occurred during the transfer of data to a new computer system.

"All the cash is accounted for." But "we missed something somewhere," Owca said.

He said the error will be found "by a process of elimination." He is working with the auditing firm to find a missing transfer notation.

Owca said he did not expect the audit to be a problem for current faculty negotiations.

"They'll (the union) want to look at the final numbers ... but that's not the major issue," he said.

Owca said Regional Superintendent of Schools Gene Briggs has given a 30-day extension for the district to submit the required audit.

Chappell said earlier last week, "There are still some issues to be resolved."

THE BOARD would have a chance to act on a new contract at its regular meeting on Tuesday night if a package is approved by the teachers before then. If no package is presented, the board and the union would have the option of extending the deadline.

The union and the administration

held several negotiating sessions last week. On Oct. 29, the board held a "special emergency meeting" to discuss the negotiations in a closed session.

The negotiations are focusing on budget and pay issues. Teacher evaluations had been a point of discussion but the issue has been resolved, with the union agreeing to the final version of the district's teacher assessment plan.

TRAFFIC IS SNARLED on South 4th Street in Venice as emergency personnel aid two of three juveniles involved in a chase and crash. The stolen car they were in left the roadway about one mile south of Broadway and flipped over twice.

(Staff photo by Patrick Foley)

Stolen car wrecked in Venice

VENICE — Three 15-year-old youths were in a stolen car that flipped over while fleeing from a Venice police officer at 4:30 p.m. Wednesday.

One of the youths, from Alton, was trapped inside the vehicle, which turned over twice at the South 4th Street curve near the Wiggins Highline in South Venice. He was lying across the passenger seat and appeared to be unconscious.

VENICE FIRE Department

rescue personnel, using a Hurst tool, pried off a door and extricated the youth, who was taken by ambulance to St. Elizabeth Medical Center.

The other occupants of the car, one from Brooklyn and the other from East St. Louis, attempted to flee from the wrecked auto.

Both continued to run despite being ordered to halt by the officer, who fired a warning shot into the air, authorities said. At that point, they stopped and sat on the ground.

The East St. Louisan was bleeding from a forehead cut and complained of pain in the chest area due to the crash. He also was taken to SEMC.

THE BROOKLYN youth said his shoulder was hurting and he was transported to the medical center by the officer.

None apparently was seriously hurt. All three were released to Venice police and were booked suspected of auto theft.

(See STOLEN CAR, Page 8A)

Thursday, Nov. 2, 1961

Theft of used lumber worth \$1,000 from Sunset Hills property owner—Martin Schrader—was reported to Madison County authorities. Schrader said he was in the process of raising an old house and, while Schrader was on vacation, thieves finished the raising and stole the lumber.

24 officials to be elected Tuesday

Quad-Citians will vote Tuesday, Nov. 4, from 6 a.m. to 7 p.m. on four proposals and 24 public offices. Key state pairings include U.S. Sen. Alan Dixon vs. Judy Koehler, Gov. James Thompson vs. Adlai Stevenson, Secretary of State Jim Edgar vs. Jane Spigel, and Attorney General Neil Hartigan vs. Bernard Carey.

District and county races include U.S. Rep. Melvin Price vs. Bob Gaffner, Tom Voloski vs. Bob Churchich for sheriff, and State Rep. Sam Wolf vs. Kevin Sykes.

Comment

Important for all to vote Nov. 4

The Press-Record/Journal encourages all eligible voters to participate in the general election Tuesday, Nov. 4. It is an important right and duty of all citizens. Voting places will be open from 6 a.m. to 7 p.m. in 66 local neighborhoods.

In previous issues, we made the following recommendations on ballot proposals and on contested offices. (D stands for Democratic and R stands for Republican.)

Ball amendment to the Illinois Constitution: Yes.

Veterans' posts' property tax exemption, amending the Illinois Constitution: Yes.

U.S. senator: (D) Alan J. Dixon. Governor and lieutenant governor: (R) James R. Thompson and (R) George H. Ryan.

Attorney general: (D) Neil F. Hartigan. Secretary of state: (R) Jim Edgar. Comptroller: (D) Roland W. Burris. State treasurer: (D) Jerry Costantino. Representative in Congress: (R) Robert H. "Bob" Gaffner. Representative in the General Assembly: (D) Sam W. Wolf. County treasurer: (D) Michael S. "Mick" Henkhaus. Sheriff: (D) Bob Churchich. Madison County Nursing Home bonds: Against.

In addition, we recommend a Yes vote to retain A. Andreas "Andy" Matosian as a circuit judge. He has been endorsed by both the Democratic and Republican parties and needs voters' support in order to continue in office.

Nursing home important to this county

To the editor:

I've just read an article about the "Coalition" against the County Nursing Home Bond Issue.

Not all of us were born with a silver spoon in our mouth. Neither are we involved in politics. But we do have an amount of compassion for the elderly. Because if we live long enough, we might find ourselves in the same position as the residents of the Madison County Nursing Home.

Speaking from a personal point of view, Madison County is the best nursing home anywhere in this area.

Three years ago, my family was faced with the decision of how we were going to care for our aged mother. Mother couldn't walk and is confined to a wheelchair. And it is an awesome task to find a private nurse (as well as pay for one) to come into our home and give the care we want our loved ones to have.

After a lot of prayer and soul searching, we went to Madison County Nursing Home and believe me, this was an answer to prayer.

We looked at some of the nursing

homes in the area. In fact, even placed our mother in one of the privately owned nursing homes.

But within 20 days we moved her to Madison County. We've never been sorry of that move. The care that mother gets at Madison County is so much more personal than the privately owned one. Madison County just has a very caring staff of people to care for the elderly residents.

As for a new county nursing home being a waste of taxpayers' money (as one private administrator says), I wonder if the elderly people in Madison County Nursing Home could see the things we, as citizens of Madison County, enjoy as a result of their paying taxes in the past would look at them and say it was a waste.

Our taxes go for various programs. Some of the programs where people could help themselves if they wanted to. Programs that our elderly have helped support down through the years. Now it is our time and responsibility to return the favor.

Now, why do we need a new nursing

home? To continue to care for the elderly that are there now in a way they deserve to be cared for and also, to consider the fact we too could possibly live to be quite elderly and in bad health and need extra care.

So the small amount of taxes we contribute if we get the new nursing home could possibly be to our welfare more than the elderly people that are there now.

So, I ask you (the voters), what is to become of the elderly residents of Madison County that can't afford to pay an enormous fee to live in a private nursing home?

Do we just discard them like an old pair of shoes? I hope not.

I would hope that we as voters would consider the many things around us that we take for granted as a result of the hard work and even taxes that our elderly have contributed in the past. Vote yes for the Madison County Bond Issue on Nov. 4.

LOUISE PENDEGRASS
Granite City

Favors use of private nursing homes

To the editor:

As a former precinct committeeman, a lifelong member of the Democratic Party, and a professional social worker, I have argued for many causes that have been branded "socialistic."

If significant human suffering exists, we the taxpayers, have a responsibility to step in an alleviate that suffering.

In the instance of the existing Madison County Nursing Home and the proposed construction of a new nursing home at taxpayers' expense — a \$6,500,000 bond referendum — there is no human suffering or need not being addressed by the private sector.

We the taxpayers have no need to

be in the nursing home business.

These Madison County Board members who wish to be involved in staffing, directing and placing patients in a nursing home could see the things we, as citizens of Madison County, enjoy as a result of their paying taxes in the past would look at them and say it was a waste.

There are in excess of 25 nursing homes in Madison County and more than 2,000 nursing home beds.

Many of those nursing homes have a higher percentage of public-pay patients than does the Madison County Nursing Home. And they continue to make a profit, pay taxes,

and provide quality care.

It is estimated that private nursing homes pay \$600,000 in property taxes to Madison County each year and that the Madison County Nursing Home has a deficit of \$90,000 to \$100,000 each year.

And that is in addition to a very liberal, tax-subsidized budget. Can you imagine what a 200-bed (about double the present facility) nursing home would cost us each year? Then add on an additional debt of \$6,500,000.

Vote 188, against, the Madison County Nursing Home bond referendum.

ROBERT E. ASHPOLE
MSW, Ph.D.
Edwardsville Route 3

Home serves aid-dependent patients

To the editor:

The issue of the proposed rebuilding of the Madison County Nursing Home in Edwardsville has been addressed by the members of the Madison County Medical Society.

After considerable discussion of this issue, the members of the Madison County Medical Society adopted a resolution in support of

the present plan to rebuild this home.

Members of the Society feel that the "county" nursing home has done an excellent job of taking care of patients in an antiquated facility and there continues to be a need for a home that is primarily designed to take care of patients who are on public-supported financial assistance.

Presently in Madison County,

most beds of the private nursing homes are filled — due to economic pressure — each home is able to take only limited numbers of public assistance patients.

Therefore, we support the modernization and updating of the Madison County Nursing Home facility.

NORMAN E. TAYLOR, M.D.
Madison County Medical Society

County's nursing home is inadequate

To the editor:

On Nov. 4, residents of Madison County will have the opportunity to vote on the need for a new Nursing Home/Shelter Care Home facility for the elderly and infirm of our community.

As a member of the Madison County Nursing Home Auxiliary, I am

aware of the outstanding quality of care provided in these institutions.

I am also aware of the need to replace the aging facilities in which they are housed.

At this time there is not adequate space in either facility for dining, physical therapy or occupational therapy programs.

Also, because of the multiple-story

design of the structures, heating and cooling are inefficient and staffing demands are increased.

For those who are concerned about the future and the welfare of our elderly citizens of Madison County, it is important to vote yes on Nov. 4.

JANE RAPHAEL
2261 Clinton Drive

For some, the campaign never ends

The BIG election, at least for the off-year of 1986, is just two days away and maybe we should all take a long look at the ballot as we punch our selections.

If the ballot Tuesday looks familiar, maybe it's because many of the candidates were on the last general election ballot and the one before that and some even on the one before that.

The most obvious perfect example of this is Rep. Mel Price. He is running for the 22nd time in just 42 years! He's been running for office for half his political career.

Whoever decided that congressional seats should be decided every two years must not have had any idea of the astronomical costs now incurred in a bid for that office.

A congressman just begins to get comfortable in his chair on the floor of the House and whoosh! he's running for re-election.

True, the voters have a chance to elect someone new every two years, but how effective can a congressman be if, during the second year of his term, he has to start shaking hands and raising campaign funds?

Granted, Mel Price has done an

outstanding job during his 42 years on Capitol Hill, but think how much better he could have done his job if congressmen served four- or even six-year terms.

With the pressures of his constituency, special-interest groups, professional lobbyists and the next election just around the corner, how effective can a congressman be?

Most other elective offices have four-year terms, not nearly as bad as a short two years, and U.S. senators serve six-year terms, which are even better in several ways.

A related "problem" to the length of the term of all but one elective office is this: no existing provisions limiting how many consecutive terms a person may serve. The one

exception is the office of U.S. president, which has a limit of election to two four-year terms.

Why not put limits on other offices as well? The less a person has to campaign, the better he or she can represent their constituents.

I think most terms should be longer, but the number of consecutive terms should be limited.

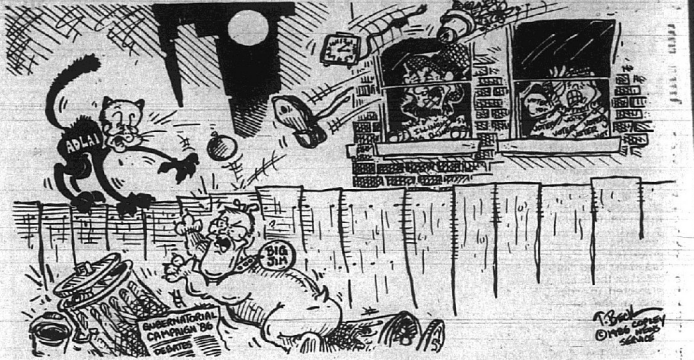

Two consecutive six-year terms would be plenty of time for anyone to serve. They could always run again for the post after a one-term absence.

Instead of running for three four-year terms, a person would run for two six-year terms.

Less time, less campaigning, less campaign money needed and, theoretically, better government with less frequent interruptions.

This might seem like oversimplifying what exists and what would be better, but it's really not all that involved.

Less time, less campaigning, less campaign money needed and, theoretically, better government with less frequent interruptions.

Candidate favors reform legislation

To the editor:

As election time draws near, voters are challenged to decide which candidate will benefit their district or precinct the most.

Good representation can often influence the generating of business within the community, making that area's economy strong and healthy.

With this thought in mind, I am asking voters to consider the Illinois Political Action Committee's legislative record (not affiliated with any party). In it, they rate each legislator and give voting records on current issues.

Sam Wolf (D), my opponent for state representative, has a 38 percent rating for the year of 1986.

Note that Rep. Wolf voted against the Unfair Labor Practice Bill which prohibits expenditure of public funds in an attempt to influence the outcome of representative elections.

He also voted "No" to the Trial Lawyers Tort Reform Bill which addresses problems associated with the availability and affordability of liability insurance within Illinois.

As this last issue is a grave concern to all area businesses, our fellow candidate in District 110, Rep.

Ron Stephens, voted a "Yes." These insurance costs are really hurting area businesses. Even though this particular bill made only minor changes, it is a step in the right direction toward effecting even greater changes in the future.

I ask for support on Nov. 4. In return, I will use my vote to obtain the type of legislation needed to make District 111 economically strong and stable.

You have the ratings and records. You, the readers, make the decision. It's your community.

KEVIN W. SYKES

Family objects to campaign tactics

To the editor:

Yesterday I received a Republican newsletter. I was totally upset after I read the front page of this newsletter.

Tom Voloski, a candidate for sheriff of Madison County, is using an 11-year-old case to support his campaign. This case involves my son, Angelo Baker.

My son was convicted of this crime, but justice was not done to him. God only knows I'm deeply sorry for the victim's family.

It has been 11 hard years for my family, and to see my son's name posted over a state newsletter completely destroys hope and faith in our justice system, Mr. Voloski.

Remember, there are two sides to every story. You told yours, but my son never got to tell his story to a jury. Is this justice your way?

What upset me the most is that he used the name and picture of my

son. He may have the right to publish this picture, but why use this particular case?

I'm sure he arrested many more criminals other than Angelo Baker during his time on the police force. Why bring it up, and punish our family, and bring back those dark nights for the victim's family?

Angelo Baker was only 16 years old when this crime happened. He didn't go into the victim's house with a gun. He didn't have a gun.

He got caught up in a situation that he couldn't reverse. The truth is, he couldn't get a trial lawyer from this area to defend him.

Is this due process of law? Yes, my family has suffered the past 11 years along with the victim's family.

Mr. Voloski, build your reputation on your qualifications and experience, not on bad taste from the past.

You may have won some votes us-

ing your newsletter, but I truly believe you lost some votes.

This is a general election in November 1986, not a black on white issue. Now the black community knows where you stand, Mr. Voloski. Bad timing; bad taste.

THE BAKER FAMILY
(Editor's note: Candidate Voloski was contacted Friday. He had no comment on a letter Thursday from a Madison police lieutenant on Angelo Baker case. Regarding the Baker family's letter, he said the family is entitled to its opinion, but that the case did result in a murder conviction.)

(Regarding a 1972 state trooper report about an incident at Beckmeyer, Voloski said he was the victim rather than the assailant; no charge was filed against him, and a tavern's license there was revoked.)

Gov. Thompson deserves re-election

To the editor:

I want to thank Adlai Stevenson III, for he has done more to help the Republican Party in Illinois than all the TV and newspaper advertising.

He has built the Democratic Party. Now he talks about what he will do

if elected governor. He served in the U.S. Senate for 10 years. He did so little that he did not run for re-election in 1980.

His father made a wonderful governor; now Adlai III is trying to run on his father's reputation. It

can't be done. In this life, each one is judged on his own merits.

Adlai just doesn't have what it takes. Big Jim Thompson has proved himself.

Let's return him to office. He is a governor that we can all be proud of.

OLD-TIMER

Flat rate charged by nursing home

To the editor:

In answer to all the negative opinions regarding the Nursing Home Bond Issue, let's look at the positive side.

Madison County has been in the nursing home business since 1958, and has had a Sheltered Care Home since 1971. Granted, some counties in Illinois do not support nursing homes, and few counties have a sheltered care home.

Madison County should be applauded for its caring interest in supporting a nursing home and sheltered care home. Residents also are charged a flat rate, unlike proprietary homes that charge on a sliding scale, whereby any additional small service is charged to the resident.

Some have said your political party affiliation plays vital part in your admission. Not so.

We have never asked "party af-

filiation" while processing the admission packet.

In essence, dear citizens of Madison County, support your Nursing and Sheltered Care Homes by voting "yes" on Nov. 4. A "no" vote will open the flood gates for the proprietary homes' total control of the industry in this area.

ELIZABETH M. AGLES
Madison County
Sheltered Care Home

Not required to operate nursing home

To the editor:

Voters should carefully scrutinize the tax increase for building a new nursing home in Madison County. Do we really need this?

Consider these facts:

1. Madison County is not required by law to operate a nursing home.

2. Over 200 vacant nursing home beds are available in this county now.

3. Taxpayers now pay \$305,000 to operate the current home. How much more will it cost to run a new home with more employees?

The true cost will not be \$6.5 million but closer to \$13 million by the time taxpayers pay off the bonds.

4. Better use of our tax resources would be a county health department.

Keep your tax rate down by voting "no." Punch 128 on Nov. 4.

HAROLD D. BYERS
Madison County Board
Highland

Letters

The Press-Record/Journal welcomes letters to the editor. Names, addresses and telephone numbers must accompany all letters.

Letters which are libelous or not in good taste will be rejected. Shorter letters will be given preference as will typed letters.

Names will be withheld from publication only if there are compelling reasons. We reserve the right to edit or reject any letter.

Republicans push judicial reform

Local Republicans are forming a Committee for Judicial Reform to work toward merit selection of judges.

Attorneys, business people and Republican precinct committeemen are joining the committee, said Edward Ragsdale, 21st District state central committeeman. He said it is only starting to form, and he does not know how many members it has.

Ragsdale is acting as chairman. Ragsdale said judges should be selected on the basis of merit, rather than elected, in order to prevent corruption in the judicial system. He said the committee would try to point out corruption as it sees it.

Ragsdale made his remarks at a press conference at Republican headquarters in Edwardsville last week. Madison County's judges — all Democrats — are using the system to further political goals, he contended.

"Stricter ethical standards for judges are needed," Ragsdale said. "Contributions from attorneys to judges who hear their cases should be forbidden."

"Hearing cases of former law partners is likely to be prejudicial and should not occur," he added. "Judges should be more willing to remove themselves from cases in-

volving political association or other conflicts of interest.

"The abuse of our court system for the personal or political gain of Democratic machine politicians must be stopped."

Ragsdale criticized the handling by local judges of a bribery case against former supervisor of assessments James Barton. "These judges seemingly did everything possible to prevent this case from coming to trial, with several years of delay," he said.

Ragsdale said special prosecutor Bruce Lecher was allowed to prosecute Barton "only with much difficulty."

He said County Board members — including Democratic sheriff candidate Bob Churchill — voted to keep Barton in office after criminal charges were filed against him.

A second unrelated bribery case against Barton "would not have occurred if the Democratic-controlled County Board had prudently removed Barton when the first charges were brought against him," Ragsdale said.

The executive committee of the Madison County Republican party has endorsed Circuit Judge A.A. Mateosian for retention on the bench. Mateosian initially ran as a Democrat; subsequent terms are decided on a non-partisan basis.

3rd-quarter loss at National Steel

National Steel Corp., owner of Granite City Steel, has reported a third-quarter loss of \$12.1 million for the third quarter, compared to an operating profit of \$7.3 million in the third quarter of 1985.

The net loss in the third quarter was \$18.6 million compared to a \$300,000 profit in the third quarter of 1985.

For the nine months ending Sept. 30, National Steel had a net loss of \$82.6 million, compared to a net loss of \$81.2 million in the first nine months of 1985.

Net sales for the third quarter and first nine months of 1986 were \$531.3 million and \$1.53 billion, compared to \$512.2 million and \$1.57 billion for the same periods in 1985.

Steel shipments in the third quarter and first nine months of 1986 totaled 1,163,000 tons and 3,311,000 tons, compared to 1,053,000 tons and 3,303,000 tons in the 1985 periods.

Raw steel production totaled 1,264,000 tons in the third quarter and 3,720,000 tons for the first nine months, compared to 1,210,000 and 3,556,000 tons in comparable 1985 periods.

Operating results for the third

quarter and nine months benefited by \$1 million and \$3.5 million, respectively, from liquidation of LIFO (last in, first out) inventories. The results for the comparative periods in 1985 were aided by a \$4.2 million liquidation of LIFO inventories.

National Steel's chairman and chief executive officer, Howard M. Love, former Granite City Steel president, said National's performance in the third quarter was disappointing, especially in view of the company's increased shipping levels.

"Our August and September performance was, however, encouraging although the improvement could not offset the July deficit, part of which resulted from a scheduled maintenance shutdown of our pellet production facility and an electric furnace outage at our Great Lakes Division."

"Fourth-quarter bookings appear to be stronger and some modest price increases should be realized in the next three months. Our goal is to continue to reduce costs so we can operate at breakeven or better in the fourth quarter," Love said.

Organ donation education program started by mortuary

Few people have the opportunity to be a hero or to leave something of themselves behind that really makes a difference, a Thomas Mortuary spokesman said in announcing a new organ donation education program.

"With the help of modern medical technology, a person can become a hero for life and make a difference by becoming an organ donor. Still, many potential donors who die each year, only a small percentage are actual organ donors."

"Thousands of individuals live severely limited lives and one-third to half of those waiting for a liver or a heart transplant will die before a transplant becomes available," the spokesman said. "Today, the success rate in vital organ transplants is 80 percent for kidney and heart, up to 70 percent for liver recipients, and 90 percent for cornea transplants."

"But medical technology is not enough. Only a person has the power to give the gift of life."

"Thomas Mortuaries Ltd., realizing the importance of the gift of life, is sponsoring an 'Organ Donor Education Drive' to educate the public on the importance of organ donation."

"Leaflets on the facts of organ

donation can be picked up at one of three locations: Mercer Mortuary, 1416 Niedringhaus Ave., Thomas, 2205 Pontoon Road, or Lahey-Sedlack Funeral Home, 615 Madison Ave., Madison."

Bob Thomas, owner, said, "Many people have misconceptions about organ donation. For instance, many think that religious groups do not support organ donations; and many are concerned that someone else's needs might take precedence if they were near death. The brochures we are offering can dispell all of these misconceptions and help people understand the importance of organ donation."

"Being a donor is as easy as filling out an organ donor card and having two witnesses sign it. Changing your mind later not to be an organ donor is as easy as tearing up that same card and voiding it on the back of your driver license."

The National Kidney Foundation, the Mid-America Transplant Association, the Pontoon Beach Lions Club, the Illinois Transplant Society Inc. and Thomas Mortuaries are encouraging persons to pick up a brochure.

For more information, Liz Neeley can be called at 876-4321.

Appraisers install officers

The South-Western Chapter of the National Association of Independent Fee Appraisers held its annual installation of officers at Charlie's Restaurant in Granite City. Guest speaker was William H. Steele, national director of education.

Steele also installed the following officers for 1987: President Ewing Baldwin, Godfrey, Vice President Vicky Hoffman, Edwardsville, Secretary Frank McAtee, Alton, and Treasurer John Glynn, Carrollton.

The NAIFA was founded in 1961 as a non-profit professional society of real estate appraisers.

Its objective is to raise the standards of the profession, gain recognition for its members as qualified appraisers, and promote fellowship among appraisers.

Today, the association, with executive offices located at 7201 Murdoch Ave., St. Louis, has a membership of 5,000 with chapters throughout the U.S. and Canada.

It's Your Home and Your Health.

You Need Someone You Can Trust.

It's hard to know who you can trust these days. Especially when it comes to home health care. That's why you need home health care from St. Elizabeth Medical Center, Granite City.

St. Elizabeth's Home Health is a hospital-based service, with a full range of hospital services for referral — services that have been trusted by your neighbors for more than 80 years.

Trust. At St. Elizabeth's Home Health, that means a qualified staff on whose personal and professional skills St. Elizabeth states its reputation. All staff are screened and bonded for your protection.

Trust. When you contract for At-Home Professional Care through St. Elizabeth's, a registered nurse makes an initial home inpatient assessment before a patient is accepted, so that our care matches your individual needs.

Trust is what you have when you know a nurse is on call 24 hours a day, seven days a week to meet your health care needs.

Arrange for any of the following services through St. Elizabeth's Home Health Department:

- Speech Therapist
- Physical Therapist
- Occupational Therapist
- Visiting Nurse
- Home Health Aide
- Certified Nurse Aide
- Companion/Homemaker
- Licensed Practical Nurse

Call 798-3200 or toll free at 288-3300. Serving Edwardsville, Collinsville and surrounding areas.

For home health care you can trust, count on St. Elizabeth's.

Granite City, IL 62040

Circuit Breaker applications due

Senior citizens who want to receive their Circuit Breaker checks by the end of the year are being urged to file their applications before Nov. 15.

Illinois Department of Revenue Director J. Thomas Johnson reminds anyone who receives these tax relief checks from the state that it's to his or her advantage to apply early.

"A person may file for tax relief anytime during the year," Johnson said. "Circuit Breaker grants are a tax rebate for taxes paid the previous year. To receive a rebate on taxes paid in 1985, a person must send in an application postmarked

before midnight Dec. 31, 1986. "However, waiting until the end of 1986 to apply will delay the Circuit Breaker check until mid spring of 1987. So anyone who needs his or her check before the end of the year should apply now," Johnson said.

Because of the ordinary tax cycles, Circuit Breaker applications received toward the end of the year can take longer than usual to process.

"The Department of Revenue understands how important this cash rebate check can be to an individual," Johnson said. "That's why we strongly encourage all to apply early so that they will receive

their checks before the end of the year."

Circuit Breaker tax rebates are available to Illinois citizens with annual household incomes of less than \$14,000. Applicants also must be 65 years of age or older, or at least 16 years old and permanently disabled. Two property tax relief grants are available: one for as much as \$700, and an additional grant of \$80.

An applicant does not have to own a home to qualify. Persons who rent, live in nursing homes, with family members or in public housing may qualify for one or both of these grants. More than 329,000 people have

received grants so far this year, totaling \$3,792,495 for the 1985 claim year.

Circuit Breaker application forms (IL-1385) are available from any Illinois Department of Revenue office listed in the telephone directory, from the Illinois Department on Aging, the Lt. Governor's Senior Action Centers, area legislators' offices and various senior citizens centers.

Individuals also may obtain applications by calling the Department of Revenue at 1-800-732-8865; the Lt. Governor's Senior Action Centers at 1-800-232-6565; or the Disabled Individuals Assistance Line (DIAL) at 1-800-233-3425.

Bob Hardy to speak

Students of SIUE will have an opportunity to discuss changes in the radio business with Bob Hardy, a 26-year veteran of KMOX radio, the CBS affiliate in St. Louis. He will visit SIUE Thursday, Nov. 6, at 3 p.m. to discuss the changes he has seen during his career and to offer advice to students planning careers in radio. His presentation is free and the public is invited to attend.

Minerva Club marks 50 years

The Minerva Woman's Club celebrated its 50th anniversary at a tea held at Central Christian Church. In keeping with the occasion, decorations and table appointments were in gold and white.

The Minerva Club, a federated woman's club, is affiliated with the 22nd District of federated clubs. Club President Sarah Metcalf paid special recognition to Mrs. Loreta Reske, who was club sponsor for many years.

Guests included Dolores Sitton, president of the Illinois Federation's 22nd District, representing Old Six Mile Historical Society, President

Marguerite Lexow and Lillian Delp; Marilyn Weber, president of the Wednesday Club of Belleville; Dolores Allen, president of the Nameoki Woman's Club; Alvina Knecht, Home Life Department chairman of the Federation; Alice Beaton, Cleo Kelly, Jean Tully and Jean Ridenour of the O'Fallon Woman's Club; Wilma Eddington of the Ladies Corterie; and Bill Harris, Granite City police chief, and his wife, Joyce Harris, a Minerva past president.

Also, Rosemary Dron Lomax, Mina Champion, McBrien, Anita Kendall Ertimoff and Charlotte Barr

Rapp, all former Minerva presidents; and honorary members, Elizabeth Gitcho Smith, Magdeleine Kopyk, Knipping, Faye Mercer, Mary Lois Kraus and Ida Weiss.

Other guests included Gena Shipcoff, Betsy Nelle, Joyce Toussaint, Betty Skirball, Ruth Houser, Elaine Shipcoff, Helen Cook, Beverly Benoit, Marilyn Bodnam, Phyllis Brusatti, Cathy Busch, Jane Lybarger, Clara Parker and Margaret Rehagen.

Committee members in charge of the celebration were Arlene Laub, chairman, and Mary Tarpoff, Jane Van Horn, Shirley Goff and Ruth Thornsberry.

GC citizens reminded to obey burning laws

GRANITE CITY — With the fall season comes the crisp, cool breezes and the falling leaves.

One way to get rid of those annoying leaves is by burning them. However, Police Chief Bill Harris reminds residents that the city has laws regarding the burning of leaves and rubbish.

Harris said it is unlawful to burn leaves or rubbish on any asphalt-paved street. It is also illegal to burn leaves or rubbish so close to a building or house that it would endanger the structure.

No burning is allowed between sunset and sunrise, Harris added. Violators could be fined from \$1 to \$200 for each violation, he said.

BANK
on it!

BART J. SOLON

Q. A close friend is considering bankruptcy. My wife and I have tried to talk him out of such a drastic move, but our arguments are used up. Do you have any advice or alternatives?

A. We assume your friend is considering personal bankruptcy and, of course, not being aware of all the circumstances, it is difficult to offer advice. You are right in cautioning your friend that bankruptcy is a drastic move. Every possible solution should be sought before considering bankruptcy. He should begin by talking, personally, to his creditors to see if they will agree to a revised payment schedule of his debts. Often, when a situation is explained, something beneficial to both can be worked out. A visit with his banker might be a good first step for your friend, whether his bank is one of his creditors or not. Often, what is needed is sound financial advice, and a plan of action. Good faith, demonstrated by the desire to meet his obligations, really does go a long way.

Cited for health care leadership

By Deborah L. Williams

Leo Konzen, vice chairman of the board of directors of St. Elizabeth Medical Center, and a local attorney for nearly 30 years, is the recipient of the 1986 Health Care Leadership Award for Distinguished Service in Health Care presented by the Hospital Association of Metropolitan St. Louis.

The award recognizes individuals who have demonstrated "outstanding leadership and dedication in furthering the interests of quality health care in the St. Louis community."

"Since he first moved to Granite City in 1957, no one has worked harder to ensure the quality of health care in the Tri-Cities area than Leo Konzen," said Sister Mary Thomas, SEMC chairman of the board. He first joined the hospital's Lay Advisory Board in 1969.

This group of community leaders was established to advise the Sisters of Divine Providence on local affairs and to ensure that the hospital served the unique needs of the area," she said. "He became the first Lay Board member to move up to a position on the medical center's board of directors, in 1973."

During his early service on the board, the medical center underwent a major construction program which greatly increased the number of hospital beds available to the community.

According to Ted Eilerman, SEMC president, Konzen was named vice chairman of the SEMC board of directors in 1976 because of his increasing interest and involvement in medical center affairs. He was also placed on the Long-Range Planning Committee, a group charged with developing the future growth of SEMC, and two years later was made chairman of the board of directors.

"In this leadership role, Mr. Konzen was able to bring to completion many of the projects he had worked with in his earlier long-range sessions," said Eilerman. "He arranged the purchase of a school building adjacent to the medical center's property and oversaw the major renovation of one

Leo Konzen

wing of SEMC for use as physicians' offices.

"His contacts with local government eased the way for zoning changes and the vacating of some nearby streets for building expansion. An entire ancillary wing was added to house the expanded services planned for the institution. A mental health facility was constructed next to the main hospital so that SEMC could increase its programs in this field."

A wide variety of new programs also came about during Konzen's term as board chairman, according to Sister Mary Thomas. She said, "An audiology department was established with a full range of hearing services. Planning was begun for a chemical dependency treatment center to provide treatment for alcohol and other drug abuse."

"An outpatient hospice unit was set up to care for those patients diagnosed as terminally ill, and a pulmonary rehabilitation unit began offering comprehensive treatment for cardiopulmonary dysfunctions."

Other programs implemented during Konzen's tenure include a physical rehabilitation unit, a stroke therapy program, a step-down intensive care unit, and a home health program to meet the increasing demand for this type of health care.

"Much of the credit for these programs can be given to Leo, who spent countless hours researching hospitals and their services and encouraging the board to establish the needed units," said Sister Mary Thomas.

"Since the medical center has no abundance of financial resources," said Eilerman, "this institution has relied heavily on his dedication and leadership to bring these programs about. There is no tax-supported health care institution in the Tri-Cities area, so St. Elizabeth's role as the major provider is crucial to the region. Mr. Konzen's hard work and dedicated efforts have helped to ensure that these vital services are available to this heavily populated area."

In 1980, Konzen retired as SEMC board chairman and assumed the chair of the Quality Assurance Committee, a group formed to ensure that physicians, administrators and hospital associates continue to provide quality patient care. He is also a member of the Joint Conference Committee, an SEMC board committee which serves as a liaison between the board of directors and the medical staff.

"Because he is so diplomatic, knowledgeable, objective and goal-oriented," said Sister Mary Thomas, "Leo is often asked to use his skills and many community contacts to help promote programs, meetings and special events. He frequently serves as the master of ceremonies for legislative dinners, award banquets and various other functions."

Besides SEMC, Konzen has also devoted many more hours to public service, having served on the boards of directors for the local Chamber of Commerce, Catholic Charities, American Red Cross of Madison County, Granite City Association for the Retarded, and East-West Gateway Coordinating Council, which coordinates governmental actions throughout the bi-state area. He has worked on United Way fund drives for many years and served as campaign chairman of the Tri-Cities Area United Way in 1970. He also serves on the board of St. Anthony's Hospital in Alton.

CONSIDER THIS BEFORE IT'S TOO LATE!!

Supporters of the proposed new County nursing home to be built in Edwardsville are really doing a good job on the taxpayers in Madison County.

The propaganda being presented is as ludicrous as the rationale presented in promoting a new luxurious, 200 bed, \$6,500,000.00 County nursing home in Edwardsville to be paid for and supported by the taxpayers of Madison County.

Madison County's aging population presents a challenge of major proportions; this challenge however, is not limited to Madison County, but encompasses our entire nation. Clearly county, state and federal governments must focus on how best to meet the needs of long term care for their citizens without placing an unacceptable burden on the rest of society.

The supporters of the nursing home referendum proposed by the Madison County Board see the tax supported, county operated facility as our solution. This solution however, is certainly not compatible with the views expressed by their more learned counterparts at a higher level of government.

In the September, 1986 edition of the Aging Network News, a monthly publication from Bethesda Maryland, "serving all persons involved with the concerns of the aging," fifteen senators and congressmen responded to the question, "What issues that impact on the older adult must be addressed and how do you personally feel that they should be addressed?"

Among this distinguished group were recognizable names such as John Glenn (D-OH) Ranking Minority Member, Senate Special Committee on Aging, Edward Roybal (D-CA) Chairman, House Select Committee on Aging, Claude Pepper (D-FL) Chairman, House Subcommittee on Health and Long-Term Care-Select Committee on Aging, and Bob Packwood (R-OR) Chairman, Senate Committee on Finance.

Issues discussed were creative approaches that would allow Medicare beneficiaries to purchase expanded coverage at reasonable rates, comprehensive home health care legislation, deficit reduction process as outlined by Gramm-Rudman-Hollings, which will not allow the government the luxury of spending new money for new programs, but it must find creative and innovative ways to preserve and improve services to our senior citizens.

Also discussed was the fact that priority must be given to reduce sizeable deficits which adversely affect all Americans, including senior citizens. Members of the House want to reduce those deficits by eliminating wasteful government spending, not by raising taxes. Older Americans probably suffer the most hardships from higher taxes because they are on fixed incomes.

Many expressed that alternatives to nursing homes should be expanded upon and further explored. Comprehensive health insurance including nursing home benefits through private sector insurance companies has been initiated and greatly supported. Ralph Regula (R-OH) responded "it is the duty of government to structure national policy that is an inter-marriage of both quality and cost containment." Olympia J. Snowe (R-ME) commented that "we need to explore creative ways of using public programs, as well as fostering an environment in which the private sector and individuals are involved in financing."

On several occasions the senators and congressmen referred to the governments' role as policy makers. At no point in the interviews were there any references or innuendos to support government functioning as providers of care or as nursing home operators.

This brings us to Madison County. Should the Madison County Board, at taxpayers expense, operate a nursing home in direct competition with private enterprise?

All voters in Madison County should question the role of county government and the appropriation of our tax dollars.

November 4th is the time to vote the "COUNTY BOARD" out of the nursing home business.

Speech, debate teams place in tournament

Granite City High School's speech and debate teams attended the Belleville West silver anniversary speech and debate tournament last weekend.

Twenty-nine schools from three states participated, including schools from the Chicago area as well as schools from Missouri and Kentucky.

Granite City's debate team placed fifth in a field of 22 debate schools.

The debaters were: Lincoln Douglas debate, Jenny Kulier; varsity debate, Steve Kielty and Richard Witt; and novice debaters, Lisa Balough, Gail Varady, Carl

Miller, Johnny K. Fassig, Steve Friedel, Nikky Keeton, Amy Hildebrand and Brynn Turner.

Granite City's speech team finished fourth in a field of 19 schools.

After three preliminary rounds of competition, the following were finalists, winning 11 medals and two trophies:

Fourth place — Nick Drago and Nicole MacLaughlin, dramatic duet acting; sixth place — Lisa Habermehl, dramatic interpretation; fifth place — Kris Bienecki, dramatic interpretation; third place — Anissa Fields, dramatic interpretation; fifth place — David Malicki and Rob Drahod, humorous duet acting; fifth place — Chrissy Krakowiecki, special occasion speaking; third place — Anissa Fields, oratorical declamation; fourth place — Karl Goss, original comedy; and fifth place — Bill Caulte, original comedy.

Both teams, speech and debate, are coached by Ron Pennell.

YOUR STARS

By Stella Wilder

SAGITTARIUS Nov. 22-Dec. 7- Progress may be threatened throughout the week by one who insists upon conformity. Don't give in! Dec. 8-Dec. 21 - Be content with little early in the week; you may find yourself with a great deal by week's end.
CAPRICORN Dec. 22-Jan. 6- You may be working at cross-purposes this week with one who is actually an ally. Seek the cause of differences. Jan. 7-Jan. 19 - A good week for pursuing that secret goal. Family members may not express their true support.
AQUARIUS Jan. 20-Feb. 3- Curb the urge to play matchmak-

er this week; in fact, stay out of other people's business altogether! Feb. 4-Feb. 18 - Your good intentions may be misinterpreted as meddling this week. Even so, help out where you can.
PISCES Feb. 19-March 5- Do not hesitate to advance a special relationship one step further this week. Be receptive to hints. March 6-March 20 - You have much to learn from the young this week, who are able to work well together - independently.
ARIES March 21-April 4- You may be too self-absorbed early in the week to hear cries for help from loved one. Better late than never, however! April 5-April 19 -

Keep your cool this week when faced with an unsolicited challenge. Prove yourself!
TAURUS April 20-May 5- Environmental influences are great this week, as are those that originate within the family unit. Communicate! May 6-May 20 - What is surely yours as the week opens may be lost for good as a result of midweek events. Hold on!
GEMINI May 21-June 6- You may benefit greatly this week by severing working relationship with loved one. Examine options, however. June 7-June 20 - Progress this week depends upon harmony at home. It indeed may be

hard to come by. Play the peacemaker.
CANCER June 21-July 7- The week opens slowly, but you have an opportunity to come through when the chips are down toward midweek. July 8-July 22 - Normal channels of communication may not be open to you this week. Use your imagination!
LEO July 23-Aug. 7- You come closer to an all-important revelation as the seconds tick by this week. Be prepared to make changes. Aug. 8-Aug. 22 - Keep quiet this week and you can indeed fare well. One word too many could spell disaster for you now.

VIRGO Aug. 23-Sept. 7- Financial success may seem out of reach this week - though originality can pay off mightily at this time. Sept. 8-Sept. 22 - Focus on your work this week, rather than your reputation, and you will improve both.
LIBRA Sept. 23-Oct. 7- Count only those eggs that are in the basket this week. Anticipation may lead to major disappointment. Oct. 8-Oct. 22 - Though you may feel unfocused and undisciplined this week, you can achieve much with even a modicum of effort.

Macios

(Continued from Page 1A)

"WE'RE GETTING RID of the deputy assessor title," JoAnn Macios said.

"It (JoAnn Macios's resignation and hiring as office manager) should satisfy Mr. Partney. If you (Partney) want to challenge it, go ahead," Carl Macios said, referring to board member Dave Partney's concern about a possible conflict. Macios maintained she had been assured by Regional Superintendent of Schools Gene Briggs, who appointed Macios, that the two positions were not in conflict.

"He (Briggs) checked with his legal department ... and said it was all right," Macios said. CARL MACIOS also said that, though her title was deputy assessor, JoAnn Macios did not appraise property.

The attorney general's office based its opinion on a 1973 attorney general's opinion and subsequent Illinois Supreme Court rulings in favor of the opinion. Partney asked the board's attorney, William Schooley, to contact Briggs in order for Briggs to explain how he determined the two positions were not in conflict.

"I would like to see us ask Mr. Briggs for a legal opinion. I would like Mr. Schooley to call Mr. Briggs," Partney said.

SCHOOLEY SAID it was his opinion that the two positions were not in conflict. Of the attorney general's opinion, Schooley said, "Even lawyers ... do have differences of opinion. This is not a conflict. That is my opinion," Schooley said.

Board member Kelly Hogan said he supported Briggs' decision. "I'm sure that Mr. Briggs has checked his legal department," Hogan said.

BOARD PRESIDENT Dewey Melton said he, too, accepted Briggs' decision.

"Mr. Briggs has done his job and

probably did it adequately," Melton said. "I would like to drop it. The appointment has been made," he said.

Briggs made the selection after the board failed to agree on a replacement for former member Jerry McKeehan, who resigned in August.

MACIOS HAD BEEN under consideration for the board seat along with at least six other candidates when the board was trying to fill the vacant slot.

Partney requested that Briggs attend the meeting to explain his legal position regarding the Macios appointment. Superintendent Gib Walmesley said Briggs declined to attend when Walmesley forwarded Partney's request.

"He told me he certainly wasn't available," Walmesley said. Partney had said he was concerned about future board actions being challenged because of Macios' position on the board and as deputy assessor.

Partney and member Monroe Worthen disagree about how the appointment process was stalled when the board could not reach a decision. PARTNEY SAID he originally supported Macios when she was one of only two candidates being considered but changed his mind when others sought the seat.

Worthen said Partney switched his vote when three other board members agreed to appoint Macios after others had applied. Partney said he would not legally challenge Macios's appointment.

THE BOARD took no action on seeking legal clarification. Macios, who was expecting the issue to come up, placed a pair of boxing gloves on the table during the meeting, underscoring recent controversies involving the school board.

"From what I've observed ... you may need them," Melton joked.

Madison students plan petition drive

Students of Madison High School will take part in preliminaries of a National Forum, a student-initiated project on nuclear armament.

They will launch a petition drive on election day Nov. 4, related to forum plans. Goal of the forum is to lead each student hear about arms issue complexities and then make up his or her mind.

The proposed forum will seek to have President Ronald Reagan as a participant. At least three other experts of national stature will make presentations, expressing a range of viewpoints, it was explained.

The program, conceived as a two-hour, prime-time show in March or April 1987, is to be non-partisan and educational, sponsors say. After the statements, a panel of high school students from all parts of the country will question the speakers.

A spokesman for the local group said, "The forum idea is appealing because it will teach kids how to think, not what to think, and because when the broadcast takes place each petition signer will know that he or she has played a key role in making it happen."

Persons interested in taking part in the project may contact John Harrison or Beth Poston at Madison High School.

Financial planning senior citizen topic

"Financial Planning and the Stock Market" will be the next subject of "Dialogue with Senior Citizens" at SIUE Wednesday, Nov. 12, from 1:30 until 4 p.m. in the Dome Room of the Religious Center.

John F. Sharp, assistant director of the SIUE Center for Economic Development, and Ken Nettletin, investment broker A.G. Edwards and Sons, will be the instructors. They will discuss the roles of financial planning and the stock market in creating and individual's financial security.

Holy Land

(Continued from Page 1A)

During the trip, Ingles said, he heard artillery fire and also heard a military plane break the sound barrier.

EVEN WITH ALL their problems, the people in Israel were very friendly, the Ingles said.

The Ingles went to Israel to attend the "Feast of the Tabernacle" sponsored by the International Christian Embassy Jerusalem. About 20,000 people attended the event from 60 countries, Ingles said.

Part of the event was a peace march through the streets of old Jerusalem. Participants in the march wore costumes or native clothes of their country. Mrs. Ingles said; one American was dressed like Uncle Sam.

THE TRIP, they said, has given them a chance to experience Israel of yesterday and today.

"Now when you read something in the Bible you know where it's at," Mrs. Ingles said.

"It familiarized me with the people of Israel today," Ingles said.

Webster School wins PTA award

The fifth grade class of Judy Collins at Webster School won the monthly cultural arts award presented by the Area PTA Council.

The class project was a calendar depicting events in October. It was the first time this year the school won the award, Jan Boyd, president of the PTA unit, said.

Helton

Mary "Jennie" (Webb) Helton, 67, of 3025 Willow Ave., died at her home at 10:45 a.m. Friday, Oct. 31, 1986.

She was employed as a cafeteria worker for two years by the Granite City School District before she retired in 1975.

Mrs. Helton was a member of Good Shepherd United Methodist Church. She was born in Madison and was a lifelong resident of the Quad-City Area.

Survivors include her husband, John W. Helton; two sons, Arthur E. Heathery and Richard D. Heathery, both of Granite City; two brothers, Bill Webb, Granite City, and Art Webb, Madison, Wis.; one sister, Gay Allen of East Alton; and five grandchildren.

Visitation will begin at 1 p.m. today (Sunday) at Mercer Mortuary, 1416 Niedringhaus Ave., where the Rev. John Davis will conduct 1 p.m. services Monday. Burial will be in St. John Cemetery, 2801 Nameoki Road. Memorials are suggested for Hospice of Madison County.

Walker

Mary A. (Antoine) Walker, 80, of Warren, Mich., formerly of Madison, died at Saratoga Hospital, Detroit, at 1:50 a.m. Thursday, Oct. 30, 1986.

Born in Illinois, she lived in this area for many years and moved to Michigan 13 years ago. She was a member of New Hope Chapter 432, Order of the Eastern Star, Granite City.

She and her husband, Conny Walker, who died April 11, 1962, were married in Venice in 1926. Survivors include one daughter, Mrs. Maxine Clem, of Warren; a sister, Miss Lorene Antoine, of Madison; two grandchildren and two great-grandchildren.

Visitation will begin at noon today (Sunday) at Thomas Memorial Mortuary, 2205 Pontoon Road, Granite City, where Eastern Star services will be held at 7 p.m. Sunday. The Rev. Jack Gouy will officiate at 11 a.m. services Monday at the funeral home, with burial at Sunset Hill Cemetery, Edwardsville. Memorials are suggested for the American Heart Association.

Father of local man dies in Kansas

Laurence E. Bills, 74, of Salina, Kan., father of Richard E. Bills of Granite City, died at his home at 3 a.m. Monday, Oct. 27, 1986.

He was born in North Dakota and was a retired engineer with the Union Pacific Railroad.

Other survivors include his wife, Iona Bills; another son, Larry F. Bills of Lenexa, Kan.; and three grandchildren.

Funeral services were conducted Wednesday at Chapel Funeral Home, Salina, with burial at Roselawn Cemetery, Salina.

Stolen car

(Continued from Page 1A)

The East St. Louis youth, believed to be the driver, also was charged with fleeing and attempting to elude a police officer and with not having a valid driving license.

THE DRIVER and the Altonian were transferred by Venice officers to the Madison County Detention Center at Edwardsville the same night, pending application for juvenile petitions.

The Brooklyn youth was released to his parents on the authority of an assistant state's attorney.

Venice Patrolman Gary Wallace first became suspicious of the vehicle after seeing the 1979 Oldsmobile Toronado at Broadway and Fourth Street and noticing a side window of the car was missing and no license plate was visible.

Wallace followed the vehicle and activated the squad car's lights and siren. The driver of the Toronado began to accelerate and started passing vehicles on 4th Street, a two-lane thoroughfare.

SPEEDS REACHED 60 mph and several northbound vehicles were forced off the roadway by the fleeing car.

When approaching the Wiggins Highline, the Toronado slid off the road at the curve and turned over sideways, coming to a rest against the side of the highline on the west side of the highway.

Two youths then climbed out of the wrecked car and began to run south toward Brooklyn.

The Toronado, owned by a Belleville man, was stolen Oct. 26 from Famous-Barr's downtown St. Louis parking lot, Venice police learned.

SNOW WHITE ON ICE Walt Disney will be presented at the St. Louis Arena Nov. 4 through 9. The 10 performances are at 7:30 p.m. Tuesday through Saturday; 10 a.m. Wednesday; noon and 3:30 p.m. Saturday; and 1 and 5 p.m. Sunday.

Meetings

ADULT DIABETES SUPPORT GROUP will meet Wednesday, Nov. 3, at 7:30 p.m. in Pascal Hall at St. Elizabeth Medical Center. Topic will be the special problems people face due to juvenile diabetes. The meeting is open to the public at no charge.

PRAIRIE GRASSES, an illustrated talk, will be given by Dr. Frank Kulinski of SIUE at a regular meeting of Old Six Mile Historical Society at 7:30 p.m. Monday, Nov. 3, in Central Christian Church, 2020 Johnson Road.

Other events

STUDENT GOVERNMENT ELECTIONS are set for Tuesday, Nov. 4, at 10 a.m. on the SIUE campus.

15TH ANNUAL ANTIQUE BOTTLE and relic show will be held from 9 a.m. to 4 p.m. today, Nov. 2, at the Collinsville Hilton Inn, sponsored by the Metro East Bottle and Jar Association.

Special wines offered to benefit symphony

The St. Louis Symphony Orchestra, following a search by a California wine consultant and a special tasting at Powell Symphony Hall, has selected two wines for purchase.

The wines are a 1983 Santa Ynez Chardonnay and a 1983 Napa Valley Cabernet Sauvignon from the Cuvaision Winery. Each wine, complete with a special symphony label, sells for \$98 per case. A sampler case with six bottles of each costs \$103.

This project is sponsored by the Women's Association of the St. Louis Symphony with proceeds to benefit the orchestra.

To order wine, call (314) 533-2500.

Social Service Network to meet

The Social Service Network will meet Monday, Nov. 3, at the Association for Retarded Citizens of Madison County, 400 S. Main St., Wood River, according to Lillian Douglas of Coordinated Youth Services.

Madison County Community Development will host the network's Nov. 17 meeting at 130 Hillsboro Ave., Edwardsville.

Persons interested in attending any of the network meetings may call Jack Strader at 877-0753 or Douglas at 876-2383 for additional details.

'Revenge' is sweet for people who dance

While they aren't trend-setters, the Eurythmics epitomize an emotionally remote, erotic, rhythm-driven sound that is currently being danced to in cities such as Liverpool, Rotterdam and Oslo.

Annie Lennox and David Stewart are neither terribly original nor innovative as songwriters; thus "Revenge" is not the sort of album likely to stand up to repeated close listening.

On the other hand, if you're trying to get folks up and dancing at your next party, this record isn't going to hurt the cause one bit. Most of the material on the record doesn't deviate a great deal from the Tin Pan Alley tradition of pop songs.

"Missionary Man," the track that leads off side one, is this album's most auspicious exception, sporting a "fed up with religion" sort of message that is a humorous assault on territory

mapped out by the Rolling Stones.

"Thorn in My Side" blends Eurythmic synth-rock with some well-chosen motifs from the olden days of rock 'n' roll. The sax and harmonica work on this cut by Jimmy "Z" Zavala causes one to wonder why the use of these instruments has thinned out so noticeably in the rock arsenal, as integral as they were through the 50s and 60s.

The fat, robotic backbeat of "The Last Time," which also features Zavala's harmonica, is a Euro-rocker cut from the same cloth used by Joy Division, although it's a safe bet the latter ensemble, with their neo-fascist sentiments, would be repulsed by the comparison. As with the Eurythmics previous LPs, the long suit of "Revenge" is the strong erotic content emanating from the rhythm section. It won't take listeners very long to figure that out.

Mr. and Mrs. John Mulch
Muich-Stegemeier

Lisa Stegemeier and John Muich were married Sept. 27 at St. Margaret Mary's Catholic Church by Father Donald Meehling.

The bride is the daughter of Mr. and Mrs. Robert Stegemeier of Granite City and the groom is the son of Mr. and Mrs. John Muich of Cahokia.

The maid of honor was Kathy Small and the bridesmaids were Karen Angle, sister of the groom, and Leslie Elcher, Liz Barry, cousin of the bride, Sue Hunsinger and Marianna Milton.

The best man was John Tolan and the groomsmen were Hank Angle, brother-in-law of the groom, and Steve Laub, Scott Cathey, Mitch Mead and Rivers Anderson.

The ringbearer was Michael Angle, a nephew of the groom. The ushers were Bob Stegemeier and Tom Stegemeier, brothers of the bride, and Shaun Ryan and Shane Ryan.

A reception was held at St. Gregory's Hall. After a wedding trip to the

Bahamas, the couple moved to Granite City.

The bride is a graduate of Granite City High School South and is employed by Fox Industries of Granite City as an accounting clerk. The groom is a graduate of Granite City High School South and SIUE and is employed by Kozyak's Market of Granite City as a clerk.

Secretaries hear Catherine Mauck

Granite City Educational Secretaries had as their guest speaker for the October meeting Mrs. Catherine Mauck, University of Illinois Extension adviser, home economics, whose topic was "Keeping Your Life Fraud-Free."

Mrs. Mauck spoke of scams involving telephone calls, pest control, kickbacks for referrals, bait and switch, and improper scales at stores or gasoline stations. She discussed how easily some senior citizens are victimized, and urged all to be aware of salesmen offering "too good to be true" deals and free inspection of driveways, roofs, air conditioning and furnaces. She discussed credit-card transactions and reviewed the time limits for complaints and resolutions.

Her advice was to contact organizations such as the Better Business Bureau, Chamber of Commerce, Consumer Affairs Department, Illinois Commerce Commission, the attorney general, or local police for assistance if a person is about to become the victim of a scheme. The Consumers Resource Handbook by the government is also helpful, she said.

President Arlene Haldeman conducted the meeting and Berta Milianis introduced the guest speaker. Lucille Caban gave a report on her recent trip to the Illinois Educational Secretaries meeting in Kankakee.

Hostess Wanda Page and Faye Chilcutt served refreshments using an autumn-color theme. Other members present were Irene Williams, Louise Moad, Marcella Pilcher, Lee Guenther, Irene Hartscher, Barbara Schreiber, and retirees Candy Kawula, Dorothy Hamilton, Dorothy Luckert, Helen Favier, Vivian Hillen and Helen Toncoff.

Hi I'm Doris. I always go to Doris L. to be groomed. I love any one of my dates see me.

Hi I'm Bingo. I'm the residential bouncer, when I am here at Doris L. I make sure they stay in line.

Hi I'm Shea. I'm a baby but I've started my grooming now at Doris L.

Central America is program topic

The Southwestern Illinois Audubon Society met in Edwardsville to hear its speaker for the evening, Dr. Leo Welch of Belleville Area College.

He showed slides of his experiences among the Indians of Central America. It was a primitive and exciting time for him, he told the 35 who attended.

The next meeting will be Tuesday, Nov. 18, at First Federal Savings and Loan, Edwardsville, at 7:30 p.m. The speaker will be Gary Vondrasek, Edwardsville, who will show slides and tell of his experiences in Big Bend National Park, situated near the Rio Grande Wild and Scenic River section.

About the size of Rhode Island, the Big Bend region, arid and rugged, was a barrier to early explorers. Today, the park's mountains, canyons and desert landscape give pleasure to as many as 300,000 visitors a year, the president said.

Guests are welcome at the meeting and there is no charge.

SWC champs await playoffs

By Gregg Ochoa

Executive Sports Editor

BELLEVILLE — The final bricks were set in mortar Friday night in the rebuilding Granite City football program.

The Warriors gridders, left for dead several seasons back, rose up and beat Belleville East 14-10 at Township Stadium to win its first Southwestern Conference championship in 40 years.

The victory also clinched a playoff berth for the first time since 1981, when North High School made it, and for only the third time in Granite City history.

The Warriors finish the regular season at 7-2 and 5-0 in the SWC. East is 6-3 and 3-2 and is hoping for an at-large bid. East St. Louis finished 8-1 and 5-1, but their lone loss to the Warriors gives Granite City the title. "We had to have this game in order to make it a successful season," said coach Ron Yates, who tucked a game ball under his arm as he boarded the team bus.

In just three short years, Yates has turned the program around. He inherited a team which won just two times in 1983 and slowly molded the players. He instituted a weight program and a new attitude.

In 1984, the strike-shortened year, the Warriors were 3-5. Last year, Granite City finished at 4-4, winning the last three games.

This year, the Warriors won their first five games, including a 17-14 win over East St. Louis that snapped the Flyers' 44-game winning streak.

Now they are headed for the playoffs. Granite City beat East on the ground and at the line of scrimmage. There was nothing fancy about their three yards-and-a-cloud-of-dust offense.

"The second half, we had to play like that," Yates said. "We knew he had to get physical and beat them at the line of scrimmage."

Granite City attempted just one pass in the second half, a 12-yard scoring strike from Tim to Jamie Hogan in the third quarter that provided the margin of victory.

But on Halloween night, the Warriors unmasked their ground game.

"The last three or four games our running game has been able to eat up the clock and grind out crucial yardage," Yates said.

Junior Len Whiteside rushed for 67 yards

to pace the ground game. Paul Sutter added 32 yards.

"You have to give them credit," said Lancer coach Mike McGinnis. "They came out in the second half and played inspired and ran the ball right at us."

Granite City also played tough defense. The Lancers were saddled with poor field position in the second half. East never did cross midfield. The closest the Lancers got was to the 45-yard line.

East took the early lead, scoring on its first possession. The Lancers went 73 yards in nine plays, capping it with Fred Judge's dive from the one-yard line. The big play was a 43-yard run by Dan Cates that took it to the 28.

The Warriors tied the game in a wild series in the second quarter.

Scott LeVault appeared to have recovered a fumbled punt at the East 39, but the officials ruled the play dead because of an inadvertent whistle.

Instead of getting the ball back, Granite City had to replay the down. Jamie Hogan then crossed up the Lancers, running 23

yards from punt formation to the 28-yard line. Six plays later, Whiteside scored from a yard out.

Jamie called that play," Yates said. "He has that prerogative, just like the quarterback at the line of scrimmage. If he sees something in the defense, he can change the play."

East took the lead with just four seconds remaining in the first half as Bob Farmer kicked a 34-yard field goal.

The drive was kept alive after Granite City was whistled for a late hit that gave East a free first down.

Granite City went ahead early in the third quarter on a 12-yard pass to Jamie Hogan. Jim Parker's PAT was good. It was the only pass of the drive and the only pass Granite City attempted in the half.

East had four other possessions the remainder of the game, but each time had to punt the ball away.

The IHSAA planned to release playoff pairings late Saturday or early Sunday. There is a possibility Granite City and East St. Louis could stage a rematch Wednesday, probably in Granite City.

Warriors scalp Redskins; Kanoks next

ONE, TWO, THREE, KICK! Alton's Chris Milford (left) and the Warriors' Jeff Grote fight for the ball during Thursday's regional title game at Granite City, which the Warriors won 4-2 in overtime. Granite City's all-state and all-America fullback Todd Adamitis is in the background.

(Staff photo by Dave Whaley)

By Dave Whaley

Staff writer

EDWARDSVILLE — Once a team enters sectional play, things are supposed to get more difficult.

But after surviving a harrowing overtime to get by Alton in the regional title game Thursday, the soccer Warriors had a relatively easy time of it Friday at Cougar Field. They breezed past the Chatham Glenwood Redskins 5-0 to advance to the sectional title game Tuesday night against their arch rivals, the Collinsville Kanoks, who just survived their own overtime cliffhanger for a 3-1 win over Belleville Althoff in Friday's first game.

"I think we played well tonight," said Warrior coach Gene Baker. "We were very relaxed and we got to use a lot of people."

Indeed, the second half left a lot of people unfamiliar with the Warriors looking at their rosters for names like Chris Ryan and Rob Swanson. Ryan picked up two assists in the second half and Swanson finished the scoring on a penalty kick in the fourth quarter.

"We probably played our second 11 more than our first 11 tonight," Baker said.

"It was obvious from the outset that the Warriors (now 7-4-3) were stronger than the Redskins (13-6-2), although Chatham was the No. 1 seed in their regional. They beat Decatur MacArthur 3-1 for the title Thursday.

The Warriors had nine shots in the first quarter, but it took 18:45 to break through, when Scott Strack drilled a left-footer past goalie Darryl Arfsten on an assist from Troy Adamitis.

Troy got the second goal at 23:29 in the second quarter as Strack returned the favor with an assist. The Warriors had 11 shots in the half to none for the Redskins.

Billy Aleksandrian made it 3-0 with his third goal of the

Warriors take regional by beating Alton in OT

The Warriors advanced to the sectionals with a win at home Thursday — but it wasn't easy. Granite City had to go overtime for a 4-2 win over a pesky Alton Redbird team in the championship game of Regional C. Billy Aleksandrian had two goals and Steve Becker came off the injured list for a goal and an assist, including the winner just 38 seconds into overtime.

"We made mistakes on both goals allowed," said coach Gene Baker. "The first was just a miserable breakdown, but their second shot was a bomb, a great shot. But we have a group of kids who come back after things like that."

Aleksandrian opened the scoring at 14:30 of the first period, but like Ruedin tied it at 21:52 when the Warriors didn't knock down a long free kick by Steve Kenney. Scott Strack got the lead back with a hard shot from close range at 52:03, but Chris Milford tied it with just under 12 minutes left after the Warriors failed to clear the ball out.

But in overtime, Becker fought off three defenders to loft the ball over Alton keeper David Middleton after just 38

seconds. Becker, back in the lineup for the first time in two weeks, then started the next scoring play with a pass to Troy Adamitis whose shot rebounded to Aleksandrian for a header into the net at 3:57 of overtime.

"It was certainly a different game than the last one," Baker said in reference to a hard-fought game in Alton Oct. 16 featuring 57 fouls and numerous yellow cards. "This was a good, hard game, not a dirty one at all."

There were three yellow cards issued Thursday — to Becker, Jason Smith and Alton's Tom Noll. "We played them hard for 90 minutes," said Alton assistant coach Don Schmitt, filling in for Joe Gentelin, who is in the hospital. "But Granite City has a fine team, and they just wore us down in overtime. We were tired."

SCORING

postseason (to go with three assists) off a perfect crossing pass at 50:49 of the third quarter as he headed it in. Greg Bailey scored at 55:49 off a Ryan corner kick, as Todd Adamitis, who has been named an all-American by the National Coaches Association, let the ball slide through to Bailey for an easy goal.

Swanson finished the scoring at 73:43 after Mike Seiler was dumped hard in the penalty area by Arfsten after an unwise back pass by the Redskins defense.

"Their goalie played real well," Baker said. "He made a stop on (Brett) Bjorkman in the first

(See SOCCER, page 8B)

Tigers wear regional crown

By Gregg Ochoa

Executive Sports Editor

GRANITE CITY — Off the court, Edwardsville's Julie Slemmer is an easy-going sort.

She jokes and likes to warm up for a match while listening to blaring music. Thursday night at Memorial Gymnasium, the jam box blared out the Beatles' "Twist and Shout," and Slemmer rocked to the beat.

Once the match started, the Edwardsville hitter, a tall blonde who wears an orange headband, rocked the Warriors with her thunderous spikes as the Tigers beat Granite City 15-6, 15-6 to win the regional championship.

"We couldn't stop her," said Warrior coach Don Deterding. "She dominated the game both on offense and defense."

The Warriors knew Slemmer was going to get the set, but Slemmer had excellent placement on her spikes. For the match, she had five spikes for points and several others that resulted in sideouts.

"It seemed like we couldn't defend her," Deterding said. "Her teammates did a good job of getting her the ball."

The first game lasted just 20 minutes. Edwardsville jumped to a 2-0 lead with Ann Nelson serving.

Granite City made it 2-1 off a Wendy Knollman spike. Edwardsville then ran off four unanswered points to lead 6-1, as Warrior mistakes were their undoing.

"It seemed like we played scared the whole game," Deterding said.

Maria Toeniskoetter stopped the Tiger string when she scored off a spike, making it 6-2. With Cara Eden serving, the score was 9-2.

Granite City fought back and trimmed the lead to 9-5 with the help of some Tiger miscues. But Edwardsville regained control after the Warriors had another shaky spell. Four of the next five points came on Granite City unforced errors.

Tammy LeVault righted Granite City for a brief moment and her spike made the score 14-6. But the Tigers got the final point when a Sandy Sternberg spike landed out of bounds.

Edwardsville played the Big Three well — they passed, hit and served," Deterding said. "By contrast, we didn't serve well. The key of the game was our first pass. There was good and we had trouble with ours."

The Tigers were able to set their offense, utilizing all three hits. On the other hand, Granite City had to

scramble to keep the ball alive. The Tigers controlled things in the second game. With the score tied 2-2, Edwardsville got three points off the serves of Nelson.

LeVault pulled the Warriors to 5-3 with a spike.

Slemmer then took over when she accounted for the next three points — two on spikes and another on a dink as the Tigers led 8-3.

Granite City rallied again on a spike by Knollman and two good serves by Beth Earney to pull to 9-6.

But just like the first game, misplays caught up with the Warriors, and Edwardsville took the next six points to ice the match.

"We didn't hit our serves and I think that stems from a lack of confidence," Deterding said. "I was a little disappointed in our jumping. A lot of times we didn't get to the net soon enough."

The Warriors end the season at 15-15. Edwardsville is 21-5 and will meet East St. Louis in the sectional semifinals Tuesday at Belleville East.

"This team came a long way," Deterding said. "It was a learning experience not only for them but for me. We have a lot to look forward to with four juniors coming back."

16 at 8:30 a.m.

Delmar to Benton Street to the Wilson Park entrance.

The race will begin at 8:30 a.m., rain or shine at the 24th Street parkway. The \$3 entry fee will be accepted until Thursday, Nov. 13, at 6 p.m. at the Wilson Park office, Benton and Oregon Streets.

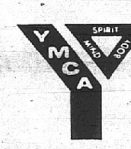

Park district Turkey Trot set for Nov. 16

The Granite City Park District will hold the 1986 "Turkey Trot" Sunday morning, Nov. 16.

The event is a run for six different divisions. There will be a one-mile run for males 16 and under, males 55 and over, females 16 and under, and females 55 and

over; three-mile runs will be held for males 17 and over, and females 17 and over.

Turkeys will be awarded to the first place finishers in all six divisions. T-shirts will be awarded to the first 60 entries. The one-mile course will run from 27th and
